Introduction

About the QPA Credential

ASPPA's Qualified Pension Administrator (QPA) credential demonstrates expertise of administrative issues of defined benefit plans. QPAs assist employers, actuaries, and consultants in performing functions such as determination of eligibility benefits, computation of benefits, plan recordkeeping, trust accounting and disclosure, and compliance requirements.

About the American Society of Pension and Plan Administrators (ASPPA)

ASPPA began in 1966 as an actuarial organization, but since that time we have changed to reflect the shifts in the retirement plan industry. As a result, ASPPA now represents business owners, actuaries, TPAs, record keepers, consultants and more. While ASPPA members come from all corners of the country, they are all united by their belief in and commitment to the private pension system.

In pursuit of these goals, ASPPA offers its more than 7,000 members extensive educational opportunities, paired with a strong advocacy operation that puts us at the center of any legislative debates that could affect what you do for a living. Our educational opportunities include robust credentialing, certificate, and continuing education programs, along with the best lineup of conferences and networking opportunities in the industry.

About the American Retirement Association (ARA)

The American Retirement Association (ARA) is a non-profit organization that aims to educate retirement plan professionals and create a framework of policy that gives every working American the ability to have a comfortable retirement.

As part of that mission, for more than half a century, ARA has developed and distributed education programs, information resources, and professional credentials that have become the gold standard for retirement plan professionals in every field of endeavor.

More than 26,000 members strong, today the American Retirement Association is comprised of five premier retirement industry associations: the American Society of Pension Professionals & Actuaries (ASPPA), the American Society of Enrolled Actuaries (ASEA), the National Association of Plan Advisors (NAPA), the National Tax-deferred Savings Association (NTSA), and Plan Sponsor Council of America (PSCA).

Many successful candidates begin studying several months before an examination to allow sufficient time to cover all the material to the proper extent.

To gain the knowledge and understanding of the material needed to pass the examination, candidates will be required to read the study guide, sections of legislation, the Internal Revenue Code (IRC), and various other government releases.

ASPPA has available study materials to help individuals prepare for the QPA exam. These include:

Section 5: Maintaining Your Credential

As a professional society, ASPPA recognizes the importance of the continuing educational development of its members. ASPPA has a mandatory program of Continuing Education (CE) that applies to all ASPPA credentialed members who hold an ASPPA credential, regardless of when the credential(s) were awarded.

Continuing Education Requirements

ASPPA credentialed members must complete forty (40) hours of Continuing Education (CE) every two years.

A minimum of thirty-eight (38) hours of CE must cover retirement plan (Relevant Topics) and a minimum of two (2) hours of CE must address professional ethics and the ARA's Code of Professional Conduct.

The two-year cycle begins on the first calendar day of each odd numbered year and ends on the last calendar day of the subsequent even numbered year.

Continuing Education Requirement for New Designation Holders

For designation holders that are awarded their first ASPPA designation in an odd year, the CE requirement for the CE Cycle ending the following calendar year is twenty (20) hours, including one (1) hour of CE that addresses professional ethics, such as the ARA Code of Professional Conduct.

For designation holders that are awarded their first ASPPA designation in an even year, the CE requirement for the CE Cycle ending that calendar year is zero (0) hours.

Continuing Education Content Standards

Reported CE must meet the following standards to qualify for continuing education credit:

- Content must address a Relevant Topic
- Content must be developed by person(s) qualified in the subject matter.
- CE hours reported shall match the actual time on task rounded down to the nearest five (5) minute increment.
 - One (1.0) hour of CE is equivalent to 50 minutes of instruction or study time on task
 - After the first 50 minutes, CE hours may be accrued 5-minute increments where 5 minutes is equal to one tenth (0.1) CE credits.
 - CE will not be accepted for any event less than 45 minutes time on task. This is equivalent to a nine-tenths (0.9) CE threshold.
- CE credits must be earned and reported for the current cycle. CE credits may not be carried over from one cycle to the next.

Relevant Topics

All continuing education topics that promote an ASPPA member's professional development in the retirement field qualify for ASPPA CE (including non-technical topics such as marketing and advanced IT training). Broad categories include topics such as:

- Qualified Plans
- Nonqualified Plans
- Tax-Exempt & Governmental Plans
- IRAs
- Actuarial Issues
- Investments & Insurance
- Participant Issues
- Business Management, Operations & Development
- Personal Development
- Technology

ASPPA Provided CE

ASPPA will record CE credit for participation in ASPPA CE events. ASPPA will ensure that ASPPA provided CE meets both continuing education content standards and addresses retirement plan related acceptable subject matter.

CE Earned Outside of ASPPA Sponsored Activities

Credentialed members are responsible for reporting CE earned outside of ASPPA sponsored activities. CE earned from non-ASPPA sponsored activities must meet the requirements detailed in the "CE For Professional Activities other than ASPPA Sanctioned Events" section of this continuing education policy.

Failure to Comply with the ASPPA Continuing Education Policy

Designation holders will have until March 1 of each calendar year to report CE for the prior calendar year CE cycle. ASPPA provided CE earned prior to March 1st of each calendar year may be applied to the CE reporting cycle for the prior calendar year. In no case will CE be recorded for more than one CE reporting cycle.

If the failure to comply with the ASPPA Continuing Education Policy results from the audit of third-party CE, the designation holder will have 60 days from the date of notification to correct the deficiency.

Failure to Renew ASPPA membership

Designation holders are expected to remain ASPPA members in good standing and make timely payment of any designation maintenance fee that may be required by ASPPA. Failure to pay any required fees by March 1 of each calendar year will result in suspension of the designation.

Suspension and or revocation of designations due to actual or reported violation of the ARA Code of Professional Conduct is addressed in the ARA Code of Conduct Disciplinary Procedures.

Suspension of Designation

ASPPA designations may be suspended for the following reasons

Serving as an instructor for ASPPA or a Qualified CE Provider. Credentialed members may report 4 CE credits for each 50-minute period of instruction.

Compliance and Audit

The audit of CE earned outside of ASPPA sanctioned events is conducted for the benefit of all ASPPA designation holders. The CE audit process demonstrates ASPPA's ongoing commitment to professionalism and the integrity of its program. The CE audit process helps ensure compliance with the CE policy, but more importantly, will help ASPPA identify opportunities to continuously improve the CE program.

The Audit Process

ASPPA will conduct an audit of reported third party CE. The audit will encompass a randomly selected representative sample of designation holders who reported third party CE the prior cycle.

Designation holders who are randomly selected for the CE audit will be asked to provide suitable documentation to substantiate that the reported CE meets the Continuing Education Content Standards. In general, the documentation must demonstrate that:

- The content was developed by a subject matter expert with expertise pertinent to the subject matter
- Time on task for the CE credit awarded
- Successful completion or participation

The designation holder subject to audit will also be asked to provide a description of the CE session for any third-party CE reported to satisfy the ethics or retirement plan related acceptable subject matter.

Section 7: ASPPA Examination Policy

ASPPA's Retirement Plan Academy (RPA) exams include proctored credential exams, online certificate assessments, and online exams for the CPC Modules. The following are considered proctored credential exams: QKA1, QKA2, QKC, QPA, and CPC. The following are considered certificate assessment: IRP, RPF, and DB-A. The exam policies and requirements differ for credential exams and certificate assessment.

Online Proctored Credential Exam Policy

- **Enrollment:** Candidates will receive enrollment notification within three business days of completing purchase of the exam. If an exam is bundled with study material delivered through the learning management system (LMS), the candidate will request enrollment in the exam through their LMS catalog once ready to access.
- **Online Proctoring:** ASPPA credential exams are administered online using live and automated proctors. Proctored online exams can be taken at home using a computer equipped with a webcam and microphone. Any irregularity or suspected violation of exam standards of conduct (see below) will be investigated and may result in disciplinary action.
- **Identification Requirement:** All candidates must use their webcam to take a photo of themselves prior to starting the exam. The photo should show the candidate's full face in neutral lighting so the candidate's identity can be confirmed. The candidate must also present their photo ID during the online exam check-in process to confirm their identity. Candidates may present their photo ID in front of the webcam or prepare a scanned copy of the ID to be submitted during the check-in process. Passports, driver's licenses, identification cards, and other government-issued photo IDs are acceptable.
- **Time Limit:** All credential exams are timed and must be completed within the allotted time. Exams cannot be paused and resumed after starting. Any exam questions left unanswered at the end of the allotted time will be counted as incorrect.
- **Exam Results:** Candidates who complete credential exams will be able to view their pass/fail results within three business days. After three business days, candidates will be able to view a report and, if successfully completed, download a certificate of completion.
 - CPC exams are essay-based and graded by a team of expert graders. CPC Exam results will be emailed to candidates directly approximately 8-10 weeks after the exam date.
- **Exam Grading:** Most credential exam results will include a numerical percentage score and Pass/Fail status.
 - For the CPC exam a score of 9, 8 or 7 (passing grade) or 6, 5 or "N" (failing grade) is provided instead of a percentage score. A score of "N" indicates that the candidate's performance was below the minimum acceptable standards. Raw scores, spreads between scores, pass marks, pass percentages and copies of

questions are not released. The score report indicates “needs work” for any topic where the candidate scored less than 70%. Each exam has different topic weightings, so it is possible for a candidate to receive “needs work” in several areas and still pass the exam. Conversely, the candidate could receive “needs work” in only a few areas and still fail the exam if those topics comprised the majority of the exam.

Online Certificate Program Assessment Policy

ASPPA's Certificate program exams are not proctored. They are open-book online exams and unlimited attempts. Each consists of multiple-choice and true/false questions. Upon completion of a certificate program exam, a candidate will receive an immediate score. It is strongly recommended that the candidate print the results for their records. ASPPA will not keep or provide records of certificate program online exams to candidates. The assessments are bundled with the education materials within the LMS (either as a stand-alone product or at the end of learning modules).

CPC (Consulting) Modules

Each CPC module includes an online assessment which consists of 20 multiple-choice questions. All required CPC modules and the proctored CPC exam must be completed prior to applying for the CPC credential, but the modules and exam can be completed in any order.

Study Time

The number of hours of study needed to prepare for ASPPA exams varies depending on the length and breadth of the candidate's experience. Many successful candidates begin studying several months before attempting their exam to cover all the material to the proper extent. As in other professional exam programs such as law exams, enrolled actuary exams, and CPA exams, it is not unusual for candidates to require multiple attempts before passing.

ASPPA Exam Sunset Provision

The ASPPA Board of Directors adopted an eight-year sunset provision that took effect January 1, 1998 and applies to all ASPPA-sponsored exams. The provision (revised on June 28, 1998) now reads: “Credit for successful completion of an ASPPA-sponsored exam needed to attain an ASPPA credential (e.g. QKA®) will expire six months past the eighth anniversary of the exam date.” For example, if a candidate passes RPF-1 and RPF-2 on June 1, 2015, and DC-1, DC-2 and DC-3 in 2016, and DB in 2017, application for the QPA credential must be made by December 1, 2023, or the RPF-1 and RPF-2 exams will become invalid.

For candidates who are ASPPA credentialed members and have met ASPPA's continuing education (CE) requirements for each CE cycle (including reinstatements) since the exam date, the sunset provision does not apply.

If the candidate is not currently a credentialed member, they may receive credit for sunset-invalidated exams and receive his/her credential by completing one of the following:

1. The candidate must provide documentation of having earned 40 ASPPA CE credits (including 2 hours of Ethics) within the 24 months immediately preceding the date of the application for credentialed membership; or
2. The candidate must retake and pass the invalidated exams within eight years of the oldest valid exam.

Additional Exam Policies

- **Lost Exams:** In the unlikely event of the loss or destruction of a completed exam, the exam fee will be refunded. ASPPA can assume no other obligation and candidates must take all exams with this understanding.
- **Special Requirements:** It is ASPPA's intent to accommodate candidates who have physical, visual, hearing, or other special needs. Specify any accommodation(s) you require during exam registration and notify Customer Care of your needs.
- **Retention Policy:** Exam records are retained for two years. After two years, exam records will be destroyed.
- **Exam Refund & Transfer Policy:** Fees for exams are not refundable. The right to sit for an ASPPA exam belongs exclusively to the person named on the exam registration. That person may transfer the right to someone else. However, the transfer must be in writing from the original registrant and must be received no later than the final registration date.
- **Exam Copyright:** ASPPA exam questions are subject to copyrights owned by the association. Any reproductions, retransmissions, or republication of all or part of any exam question is expressly prohibited, unless the association has expressly granted its prior written consent to so reproduce, retransmit, or republish the material. All other rights are reserved.

ASPPA Examination Standards of Conduct

ASPPA's Retirement Plan Academy (RPA) is committed to treating all candidates fairly and equitably during the exam process. Any irregularity or suspected violation of exam standards will be investigated and may result in disciplinary action.

Proctored Credential Exam Standards

Candidates must prepare the testing space prior to the exam and follow all behavior standards during the exam to successfully complete the exam. Candidates are required to share their screens and allow video and audio recording during the exam. Recordings will be reviewed by ASPPA staff prior to validating an exam result. Violations of exam policy may result in an invalidated exam, suspension or ban from future exams, and loss of credential for credential holders.

Prior to the exam, candidates must remove the following personal items from the testing space and the candidate's body:

- Cell phones, hand-held computers/personal digital assistants (PDAs) or other electronic devices, pagers, calculators, and watches (including smart watches)
- Headphones, earbuds, microphones, or other audio transmission devices
- Wallets or purses
- Hats (and other non-religious head coverings), bags, coats, jackets, or eyeglass cases
- Barrettes or hair clips larger than $\frac{1}{4}$ inch ($\frac{1}{2}$ centimeter) wide and headbands or hairbands larger than $\frac{1}{2}$ inch (1 centimeter)
- Jewelry that is removable and larger than $\frac{1}{4}$ inch ($\frac{1}{2}$ centimeter)
- Books or notes unless specifically authorized by the exam program for use during your test

Candidates are permitted to use the browser-based calculator or the Windows on-screen calculator to perform calculations. Candidates may use the notes field to record results in multi-step calculations. Candidates should not use cell phones, handheld calculators, or other software-based calculators during the exam. Using paper to take notes or perform calculations during the exam is prohibited.

If a proctor notes inappropriate items in a candidate's exam space during the exam, that candidate's test results may be invalidated and they may be disqualified from taking the test in the future.

During the exam, candidates must not:

- Communicate with others
- Leave the room at any time
 - Exception: Two 15-minute breaks are permitted during exams 3 hours or longer
- Use reference material of any kind
- Read the questions aloud
- Cover their mouth, attempt to hide their face or move it out of view of the webcam
- Write down questions or copy question text to another application

If any of those actions occur, a proctor may intervene and remind you of these policies. If the behavior continues, a proctor may be required to revoke your exam session. The proctor may also view a recording of your exam. Violations of exam policy may result in an invalidated exam, suspension or ban from future exams, and loss of credential for credential holders.

Certificate Assessment Standards

Candidates are prohibited from the following during the certificate assessments:

- Giving or receiving assistance of any kind during the assessment
- Cheating, any attempt to cheat, assist others in efforts to cheat, or participation in cheating activities
- Engaging in improper conduct, such as:
 - Arranging for another person to take the assessment for the candidate
 - Disclosing the contents of an assessment to any other person
 - Failing to follow assessment instructions
 - Looking at and/or copying the answers of any other candidate during the assessment

Improper conduct includes providing assessment information to another candidate and looking at and/or copying the answers or work of any other candidate.

By virtue of the format of the assessment, candidates can study with other candidates, work with colleagues for advice/guidance and/or use other study materials or online resources, but the work submitted must be the candidate's own. Candidates cannot receive answers from employers, colleagues, or other candidates, nor can candidates have their assessment reviewed by another party for the identification of correct or incorrect answers.

RPA will pursue any evidence that a candidate has cheated or failed to follow the assessment rules. Any irregularity or suspected violation will be thoroughly investigated. Violations of assessment policy may result in an invalidated assessment, suspension or ban from future assessment, and loss of credential for credential holders.

RPA may also report its action to ASPPA's Professional Conduct Committee. If an assessment is jointly sponsored (e.g., the Enrolled Actuary exams), the other sponsoring organizations may also be notified.

Section 8: ARA Code of Professional Conduct

The purpose of this Code of Professional Conduct (“Code”) is to identify the professional and ethical standards with which a member must comply to fulfill the Member’s responsibility to the American Retirement Association and its affiliate organizations, other Members, and the public. Members are required to adhere to the high standards of conduct, practice, and qualification set forth in this Code.

1. Definitions

- **Actuary:** an individual who is a Member of the American Retirement Association and holds an MSPA or FSPA from the ASPPA College of Pension Actuaries or an actuarial credential from another organization that is a member of the International Actuarial Association (IAA) or is an enrolled actuary in good standing with the Joint Board for the Enrollment of Actuaries.
- **Advertising:** all communications by whatever medium, including oral communications, which may directly or indirectly influence any person or organization to decide whether there is a need for Professional Services or to select a specific person or firm to perform such services.
- **Confidential Information:** information not in the public domain of which the Member becomes aware during the course of rendering Professional Services to a Principal. It may include information of a proprietary nature, information which is legally restricted from circulation, or information which the Member has reason to believe that the Principal would not wish to be divulged.
- **Credential:** a membership designation (e.g., Certified Pension Consultant; Member, Society of Pension Actuaries; or Associated Professional Member) conferred by American Retirement Association.
- **Law:** statutes, regulations, judicial decisions, and other statements having legally binding authority.
- **Member:** An individual who is a Member of American Retirement Association or any affiliate organization of American Retirement Association.
- **Principal:** any present or prospective client of a Member or the employer of a Member where the Member provides retirement plan services for their employer’s plan.
- **Professional Communication:** a written, electronic or oral communication issued by a Member with respect to Professional Services.
- **Professional Services:** services provided to a Principal by a Member, including the rendering of advice, recommendations, findings, or opinions related to a retirement or other employee benefit plan.
- **Titles:** leadership positions, volunteer experience, awards and other honors conferred by American Retirement Association.

2. Advertising

Member shall not engage in any Advertising with respect to Professional Services that the Member knows or is reasonably expected to know are false.

3. Communications

A Member who issues a Professional Communication shall take appropriate steps to ensure that the Professional Communication is appropriate to the circumstances and its intended audience.

4. Compliance

A Member shall be knowledgeable about this Code, keep current with Code revisions and abide by its provisions. Laws may impose binding obligations on a Member. This Code is not intended to supplant, contradict or supersede Law (e.g., Circular 230) or other Codes of Conduct that establish professional standards for Members in the rendition of Professional Services and that have been sanctioned by the federal or a state government. Where the requirements of Law or such governmentally-sanctioned Codes conflict with this Code, the requirements of Law or such governmentally-sanctioned Codes take precedence.

5. Confidentiality

A Member shall not disclose to another party any Confidential Information obtained in rendering Professional Services for a Principal unless authorized to do so by the Principal or required to do so by Law.

6. Conflicts of Interest

A Member shall not perform Professional Services involving an actual conflict of interest unless:

- The Member's ability to act fairly is unimpaired; and
- There has been full disclosure of the conflict to the Principal(s); and
- All Principals have expressly agreed to the performance of the services by the Member.

If the Member is aware of any significant conflict between the interests of a Principal and the interests of another party, the Member should advise the Principal of the conflict and include appropriate qualifications or disclosures in any related communication.

7. Control of Work Product

A Member shall not perform Professional Services when the Member has reason to believe that they may be altered in a material way or may be used to violate or evade the Law. The Member should recognize the risk that materials prepared by the Member could be misquoted, misinterpreted, or otherwise misused by another party to influence the actions of a third party and should take reasonable steps to ensure that the material is presented fairly and that the sources of the material are identified.

8. Courtesy and Cooperation

- A Member shall perform Professional Services with courtesy and shall cooperate with others in the Principal's interest. A Principal has an indisputable right to choose a professional advisor. A Member may provide service to any Principal who requests it even though such Principal is being or has been served by another professional in the same manner.
- B. When a Principal has given consent for a new or additional professional to consult with a Member with respect to a matter for which the Member is providing or has provided Professional Services, the Member shall cooperate in assembling and transmitting pertinent data and documents, subject to receiving reasonable compensation for the work required to do so. In accordance with Circular 230, the Member shall promptly, at the request of the Principal, return any and all records of the Principal that are necessary for the Principal to comply with federal tax Law, even if the Member is not subject to Circular 230. The existence of a fee dispute generally does not relieve the Member of this responsibility except to the extent permitted by applicable state Law. The Member need not provide any items of a proprietary nature or work product for which the Member has not been compensated.

9. Disclosure

A Member shall make full and timely disclosure to a present or prospective Principal of all sources of direct or indirect material compensation or other material consideration that the Member or the Member's firm has received or may receive in relation to an assignment for such Principal. The disclosure of sources of material compensation or consideration that the Member's firm has received, or may receive, is limited to those sources known to, or reasonably ascertainable by, the Member.

10. Professional Integrity

A Member shall perform Professional Services and shall take reasonable steps to ensure that Professional Services rendered under the Member's supervision are performed with honesty, integrity, skill, and care. A Member has an obligation to observe standards of professional conduct in the course of providing advice, recommendations and other services performed for a Principal. A Member who pleads guilty to or is found guilty of any misdemeanor related to financial matters or any felony shall be presumed to have contravened this Code and shall be subject to American Retirement Association's counseling and disciplinary procedures.

11. Qualification Standards

A Member shall render opinions or advice or perform Professional Services only when qualified to do so based on education, training, and experience.

12. Titles and Credentials

A Member shall make truthful use of the membership Titles and Credentials of ARA to which the Member is entitled, and only where that use conforms to the practices authorized by American Retirement Association. A Member who is not an Actuary as defined in section 1 of this Code

shall not professionally represent to the public to be an actuary or knowingly allow such misrepresentation by others.

13. Additional Obligations

- A Member whose professional conduct is regulated by another membership organization shall abide by the professional Code of Conduct (or similar rules) of such organization. For example, a Member who is an actuary shall also abide by the [Code of Professional Conduct for actuaries](#).
- A Member shall respond promptly in writing to any communication received from a person duly authorized by American Retirement Association to obtain information or assistance regarding a Member's possible violation of this Code. The Member's responsibility to respond shall be subject to Section 5 of this Code, "Confidentiality," and any other confidentiality requirements imposed by Law. In the absence of a full and timely response, American Retirement Association may resolve such possible violations based on available information.
