

ASPPA Webcourse Registration Form

ASPPA offers webcourses to assist candidates preparing for examinations. These webcourses are designed to address the most challenging topics covered on corresponding examinations. Online course sessions are approximately 60 minutes in length unless otherwise noted. The number of sessions depends on the course selected. Access to the webcourse will be available through 5:00 p.m. ET on December 30, 2008. The webcourse registration fee is nonrefundable.

It is expected that webcourse registrants preparing for an examination thoroughly study the topics covered in the appropriate course syllabus and the required readings as described in the Program Catalog and on the ASPPA Publication Order Form. The webcourses should not be used as a substitute for these materials.
